

READ BEFORE INSTALLATION!

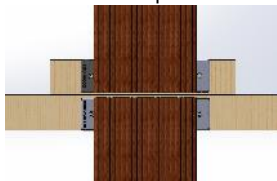

IMPORTANT INSTALLATION SPECIFICATIONS

- **NO NAILS OR SCREWS ARE TO BE USED THROUGH THE PLANKS**, as this could lead to splitting of the ECOWOOD® decking planks.
- The **MAXIMUM SPAN WIDTH** is **400mm centre-to-centre**.
- **EXPANSION GAPS MUST BE PROVIDED AS FOLLOWS:**

NB!!

DECK LOCALITY	INNER GAPS	OUTER GAPS (if not open ended deck)
Coastal/Lowveld	8mm	10mm
Inland/Highveld	7mm	10mm
Swimming Pool/Jacuzzi	8mm	10mm

- **DOUBLE JOISTING** must be done where planks are joined together and planks must be fixed with an EcoClip for each end with its 5mm spacing:
- Planks must **END ON A JOIST** and not be left suspended.

- **DECKING CORNERS** must be **GLUED** on with CRYSTALFLEX and **NOT SCREWED**.

This summary is only an extract and does not replace the full installation specifications that can be downloaded from www.ecowood.co.za. The product guarantee will be void on installations not conforming to these specifications.
